We can provide what your regular monthly recurring charges would be based on the set price of your rate plans, however your monthly bill can change based on any one-time charges that may apply for example, roaming charges or early termination fees for lines cancelled etc. Therefore we cannot

provide an amount that we can guarantee your monthly invoice will not exceed based on this information.

Answer: Pages 19 to 29 inclusive form part of APPENDIX “D” – STANDARD C-NLOPB CONTRACT. Our standard contract is referenced by clause 8.17 on page 8. This Appendix is used for example purposes and has drafting notes left in to show areas which would need to be customized for individual agreements.

Please see APPENDIX “C” – PRICING for proposal pricing expectations. It’s understood that with Cellular Services there may be usage-based charges, so our request would be that possible usage-based charges are listed in the proposal.
