December 19, 2013

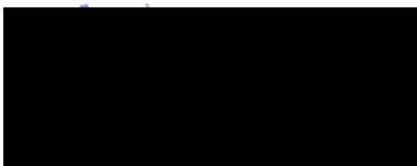

Reference: North Flemish Pass Gravity Gradient Survey

I would like to inform you that that the above referenced project as filed in Newfoundland last year, is no longer viable. The project is not viable because JEBSCO is no longer working with ARKeX on this project.

JEBSCO will refile a project description as soon as practical.

Thank you for your consideration.

Sincerely,

President
JEBSCO Seismic (Canada) Company
