Subject: RE: ARKeX Ltd. and TGS-NOPEC ASA Labrador Sea Gravity Gradient Survey 2014-2018

Hi Darren,

There are a number of fisheries organizations which should be consulted on this project to mitigate any impacts on fishing operations. These include:

FFAW
Canadian Association of Prawn Producers
Groundfish Enterprise Allocation Council
Northern Coalition
Labrador Fisherman's Union Shrimp Company

Also the Centre for Fisheries Ecosystem Research at the Marine Institute are planning an acoustic survey on the NE coast in April of 2014. I am not sure how far north but they should be consulted to ensure no interference with the survey occurs.

Thanks for the opportunity to comment.
