Subject: RE: BHP Canada EL 1157 and 1158 Seabed Survey - EA Report comments

Good Morning Jerry,

On April 9, 2020, BHP Canada (BHP) submitted to the Canada-Newfoundland and Labrador Offshore Petroleum Board (C-NLOPB) an addendum to the environmental assessment (EA) report. The addendum addressed review comments forwarded to BHP on April 3, 2020 that the C-NLOPB deemed to be within the scope of the environmental assessment.

Please review the attached addendum to determine if the responses provided by BHP respecting ECCC's comments have been addressed satisfactorily. The C-NLOPB requests your response by April 29, 2020. If no comments are received, the C-NLOPB will assume no comments will be submitted.

If you have any questions or wish to discuss please contact me.

Regards,
Ian
