Dear Mr. Murphy,

Subject: Addendum to BHP Canada Seabed Survey Environmental Assessment

BHP is planning to a seabed survey to identify sensitive environmental seabed features, anthropogenic and geological features in the vicinity of prospective well locations in EL 1157 and 1158.

The enclosed Environmental Assessment (EA) Addendum dated March 2020, is provided as a supplement to the original EA Report of December 2019 and provides a response to consolidated comments received from the Canada-Newfoundland Offshore Petroleum Board on February 20, 2020. Responses are indented and revisions to original EA text are **bolded** and underlined.

If you have any questions or concerns please don't hesitate to contact our Regulatory Lead, Collette Horner at collette.horner@bhp.com.

Sincerely,

Tracey Simpson
Canada Country Manager, Petroleum
