**Re: BP Canada Energy Group ULC Ephesus Prospect Controlled Source Electromagnetic (CSEM)  
Survey 2020-2024 Environmental Assessment Report Addendum**

---

On September 15, 2020, BP Canada Energy Group ULC (BP Canada) submitted to the Canada-Newfoundland and Labrador Offshore Petroleum Board (C-NLOPB) an addendum, *Ephesus Prospect Controlled Source Electromagnetic (CSEM) Survey Response to Regulator Comments* (Stantec September 2020), to the environmental assessment (EA) report. The addendum addresses review comments forwarded to BP Canada on June 2, 2020 that the C-NLOPB deemed to be within the scope of the environmental assessment.

Please review the attached addendum to determine if the responses provided by Nexen respecting your comments have been addressed satisfactorily. Your response should be forwarded no later than **October 9, 2020**. If no comments are received, the C-NLOPB will assume no comments will be submitted.

If you have any questions on the attached, or wish to discuss the above, please contact Darren Hicks at (709) 778-1431 or via email at [dhicks@cnlopb.ca](mailto:dhicks@cnlopb.ca)

Yours truly,
