Dear Mr. Murphy,

BP Canada Energy Group ULC (BP) is pleased to submit a Project Description for the proposed Ephesus Prospect Controlled Source Electromagnetic (CSEM) Survey in accordance with the Geophysical, Geological, Environmental and Geotechnical Programs Guidelines in order to initiate an environmental assessment process under the Accord Acts. We understand that the C-NLOPB will review the Project Description for completeness and once accepted, the Project Description will be made available for public review and comment along with draft scoping guidelines.

If you have any questions or concerns about the Project Description, please do not hesitate to contact me or our Environmental Impact Advisor, Heather Giddens at heather.giddens@bp.com.

Sincerely,

John Drinkwater
Regulatory Compliance and Environment Manager
