Dear Ms. Wyatt:

Re: Chevron Canada Resources Labrador Shelf Seismic Program, 2010 to 2017
CEA Act Environmental Assessment

The Canada-Newfoundland and Labrador Offshore Petroleum Board (C-NLOPB), in consultation with the Board's fishery and environmental review agencies, have reviewed the above referenced environmental assessment (EA) report.

The environmental assessment document does not satisfy all of the information requirements outlined in the Scoping Document provided to Chevron Canada Resources on November 10, 2009. In order to satisfy the requirements of the *Canadian Environmental Assessment Act* (CEA Act) and to complete the Screening Report, the attached comments should be addressed.

You may contact me at your convenience to discuss these comments. I can be reached at (709-778-1431 or dhicks@cnlopb.nl.ca)

Yours truly,
