**Re: Canada-Newfoundland and Labrador Offshore Petroleum Board
Core Storage and Research Centre Building Expansion CEAR # 09-01-49976**

The Canada-Newfoundland and Labrador Offshore Petroleum Board (C-NLOPB) has determined that this project will require a change to its temporal scope. The acquisition of permits and other site delays have delayed the project beyond the expected June 30, 2010 completion date. The temporal scope is anticipated to continue until the end of December 2010. All other aspects of this project are still applicable.

This letter seeks, pursuant to the *CEAA*, to identify any issues from the departments or agencies that participated in the screening that may affect the alteration of the temporal scope. Please reply by **May 5, 2010**. The screening report is available on the C-NLOPB Web site at <http://www.cnlopb.nl.ca/pdfs/cnlopb/cnlopbscreenreport.pdf>

If you have any questions I may be reached at 709-778-1431 or via email at <dhicks@cnlopb.nl.ca>.

Yours truly,
