**Re: Corridor Resources Inc. Old Harry Prospect Geohazard Survey Program 2010-2020
Environmental Assessment (CEAR 10-01-53529)**

On May 20, 2010, Corridor Resources Inc. (Corridor) submitted to the Canada-Newfoundland and Labrador Offshore Petroleum Board (C-NLOPB) an environmental assessment report for a geohazard survey program for Corridor's Old Harry Prospect in the Newfoundland offshore. The enclosed report "*Environmental Assessment of the Old Harry Prospect Geohazard Program, 2010-2020*" describes the geohazard survey over the Old Harry Prospect. The C-NLOPB is conducting a screening, pursuant to the *Canadian Environmental Assessment Act* (CEA Act), of the proposed Project.

The environmental assessment report was completed in accordance with the scoping document prepared by the C-NLOPB on March 2, 2009.

Please review the enclosed environmental assessment report and forward comments to me no later than **July 7, 2010**. If you have any questions regarding the environmental assessment report, you may contact me (709-778-1431 or dhicks@cnlopb.nl.ca).

Yours truly,
