Good Afternoon Dena,

This is to confirm our verbal advice during the conference call December 15, 2011 that this submission (December 15, 2011 Concordance Table and Attachments) can be considered to be sufficient for the purposes of addressing the completeness review comments. We will forward the Environmental Assessment (EA) Report to the technical reviewers as well as the Independent Reviewer once the EA Report is received from Corridor.

Hi Elizabeth

Please see attached a cover letter, the concordance table and the attachments showing how Corridor addressed the comments in the Completeness Review. I have to send it in 3 emails as it is too large to send in 1 email.

Thanks

Dena
