Subject: RE: Electromagnetic Geoservices Canada, Inc. - Western Newfoundland Controlled Source Electromagnetic (CSEM) Project, 2017

Hi Darren,

As per our earlier chat, myself and our Fisheries Scientist should be added to the list of expertise.

As pointed out in the document, thorough consultation with FFAW and membership is necessary. I would just like to reiterate the importance of this consultation and our hope that the operator will indeed fulfil this obligation.

Good day all: please see the attached project description, DRAFT Scoping Document and letter from the C-NLOPB requesting feedback. Please reply by close of business November 25, 2016.

If you have any questions please feel free to contact me.

Regards
Darren
