Subject: RE: EMGS Controlled-source Electromagnetic Survey EA Addendum Comments

Good morning Melissa,

DFO finds the response by EMGS to be satisfactory. We do not have any further comments at this time.

Cheers,  
James

Subject: RE: EMGS Controlled-source Electromagnetic Survey EA Addendum Comments

Good Morning Bret,

This morning (August 19, 2022) EMGS submitted a revised EA Addendum “EMGS 2022 Controlled-source Electromagnetic Survey Environmental Assessment Response to Regulator Comments” to the environmental assessment (EA) report. The addendum addresses all review comments, including the additional comment provided by DFO on August 11, 2022. Please review the response to the additional comment to determine if it has been addressed satisfactorily (included on page 3-11).

I would appreciate a response by end of day Tuesday August 23, 2022. If you have any questions or concerns don't hesitate to reach out.

Thank you,  
Melissa
