Good afternoon,

Happy new years and hope you had a great holiday season. NRCAN has reviewed the Project Description and Draft Scoping document for the Controlled Source Electromagnetic Survey. NRCAN does not have any expertise that would be relevant to this project and we do not have any comments to provide. If you have any questions or concerns please don't hesitate to contact me.

Thanks and have a great day

Hi Everyone,

Happy New Year.

Sending a reminder that we hope to have any comments on the project description and draft scoping document submitted by end of day today. Thank you to those who have provided comments.

If you have any questions, don't hesitate to reach out.

Thank you,
Melissa

Hello all: please see the attached project description for a proposed controlled source electromagnetic survey (CSEM) for the Orphan Basin and South Bank as proposed by Electromagnetic Geoservices Canada (EMGS) Inc. I have also attached a DRAFT scoping document for your review and input as well as our letter requesting input. Please provide your response no later than **January 12, 2022**. If you have any questions please feel free to contact us.

Regards
Darren
