UNCLASSIFIED / NON CLASSIFIÉ

Hi Melissa,

Apologies for the late response but Transport Canada does not have any comments. It appears you have identified your requirements under the *Canada Shipping Act, 2001*, and there does not appear to be any requirements under s.82 of the *Impact Assessment Act (IAA)*, since the work involved appears to be physical activities not in relation to a physical work.

If you have any questions, please let me know.

Thank you,

Melissa Ginn

Hi Everyone,

Happy New Year.

Sending a reminder that we hope to have any comments on the project description and draft scoping document submitted by end of day today. Thank you to those who have provided comments.

If you have any questions, don't hesitate to reach out.

Thank you,
Melissa

Subject: Electromagnetic Geoservices Canada, Inc. Controlled Source Electromagnetic Survey, 2022

Hello all: please see the attached project description for a proposed controlled source electromagnetic survey (CSEM) for the Orphan Basin and South Bank as proposed by Electromagnetic Geoservices Canada (EMGS) Inc. I have also attached a DRAFT scoping document for your review and input as well as our letter requesting input. Please provide your response no later than **January 12, 2022**. If you have any questions please feel free to contact us.

Regards
Darren
