Subject: RE: Revised EA Addendum for Electromagnetic Geoservices Canada, Inc., East Canada Controlled Source Electromagnetic Survey, 2014 to 2018

Darren:

Based on review of the information in this latest amendment nothing appears to have changed in relation to our review of an earlier amendment as such as noted in my June 25, 2014 email it is felt that the suggested amendments provide information that appears to address comments provided from DFO in May 15, 2014 letter to you on same.
