Dear Ms. Young:

28 February 2017

RE: Environmental Assessment Amendment of the EMGS East Canada CSEM Survey, 2014 2018

Please find enclosed an Amendment of the Environmental Assessment of the Electromagnetic Geoservices Canada Inc. (EMGS) East Canada Controlled Source Electromagnetic (CSEM) Survey, 2014–2018.

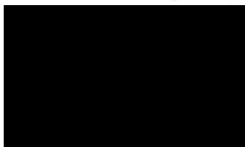

The reason for submitting the Amendment is due to a change of in the temporal scope of the program, the inclusion of solid streamer use, and the development of a new electromagnetic source for use.

A program update advising of this Amendment was sent by e-mail to stakeholders on 31st of January 2017 and to date, only one response have been received from FFAW who EMGS will meet 10th of March to update on our schedule and plans. An EA Update is being prepared and will be submitted following determination of the Amendment.

If there are any further questions arising from this submission, please do not hesitate to contact me.

Best Regards

EMGS Canada Inc
