**Re: Electromagnetic Geoservices Canada Inc. - Environmental Assessment East Canada  
Controlled Source Electromagnetic Survey, 2014 to 2018**

---

Electromagnetic Geoservices Canada, Inc. (EMGS) has submitted the enclosed report to the Canada-Newfoundland and Labrador Offshore Petroleum Board (C-NLOPB) as an amendment to the *Environmental Assessment East Canada CSEM Survey 2014-2018* (LGL Limited March 2014) and the *Environmental Assessment East Canada CSEM Survey, 2014-2018 Addendum* (LGL Limited July 2, 2014). The *Environmental Assessment East Canada CSEM Survey, 2014-2018 Amendment* (February 27, 2017) has been submitted in support of EMGS's request to: extend the temporal scope of their geophysical project by one year to include 2019; include the use of a solid streamer; and increase the source output from 1,250 Amperes to 10,000 Amperes.

The C-NLOPB requests that you review the enclosed EA Amendment and provide comments no later than **March 23, 2017**. If no reply is received by this date then the C-NLOPB will assume that you have no comments. If you have any questions you may contact me (709-778-1431 or [dhicks@cnlopb.ca](mailto:dhicks@cnlopb.ca)).

Yours truly,
