Hello Darren,

We have no objection to the extension in temporal scope of this program as long as the same commitments (e.g. FLO requirements) made in the original EA stand. At this point in time we have not had contact with the proponent that an extension of FLO services would be required beyond next week.

If you have further questions please do not hesitate to contact me.

(EMGS) has submitted the enclosed report to the Canada-Newfoundland and Labrador Offshore Petroleum Board (C-NLOPB) as an amendment to the Environmental Assessment East Canada CSEM Survey 2014-2018 (LGL Limited March 2014) and the Environmental Assessment East Canada CSEM Survey, 2014-2018 Addendum (LGL Limited July 2, 2014).
