

Application for Programs without Fieldwork – Sampling / Borrowing of CSRC Materials

Applicant (Company):

Program Type: Geophysical Geological Geotechnical Environmental
(check all that apply)

Objective(s) of the Program:

Program Classification (check one): Exclusive Non-Exclusive

Program Area (describe general location):

Commencement Date:

Completion Date:

Product(s) to be generated (list reports and other materials produced as result of the study including specimens, slides, spreadsheets, etc.):

Sampling / Borrowing of Well Materials:

Materials Requested (well(s), interval, sample types, rates, sizes, volumes, etc.)

The Applicant agrees with the attached conditions of approval and assumes full responsibility for accurate identification and timely return of materials and the submission of reports.

Name of Study Supervisor: _____ Title: _____

Address: _____ Telephone: _____

_____ Email: _____

Signature: _____ Date: _____

Invoice Information (if different from information listed above):

Billing Contact: _____

Billing Address: _____

Purchase Order Number (if known): _____

Geoscience, Geotechnical and Environmental Application for Programs without Fieldwork – Sampling / Borrowing of CSRC Materials

APPROVAL

The Applicant named in the Application is approved to conduct the described program subject to the following conditions:

1. No change in the program approved may be made unless it is first approved by the Director, Offshore Resources and Data in writing;
2. This Approval is issued to the above-named Applicant and cannot be transferred or assigned;
3. The Regulator reserves the right, effective upon written notice to Applicant, to revise, waive, or add any term or condition during the time this Approval is in effect;
4. Determination that the supply of well materials is adequate to preclude significant depletion is at discretion of the Geological Services Supervisor;
5. Provision to the Regulator of results of study within one year of the program completion date stated on the Application form, 1 digital copy;
6. Provision to the Regulator of original or duplicate set of palynological, micropaleontological or sedimentological slides if prepared as part of study; and
7. Return of all unused materials to Core Storage and Research Centre.

Signed: _____
**Director, Offshore Resources
and Data**

Geoscientific, Geotechnical and Environmental Application for Programs without Fieldwork – Sampling / Borrowing of CSRC Materials

INSTRUCTIONS FOR COMPLETION OF APPROVAL APPLICATION FOR GEOSCIENTIFIC, GEOTECHNICAL AND ENVIRONMENTAL PROGRAMS WITHOUT FIELD WORK (SAMPLING / BORROWING OF CSRC MATERIALS)

Each Application for the issuance of an Approval should fulfill the following:

1. When identifying the Applicant, the full legal name should be used;
2. All fees associated with the approval of this Application are payable upon receipt of the invoice;
3. Application should be signed (digitally verified) and submitted via email to the Geological Services Supervisor (DMills@cnlopb.ca);
4. Where incorrect information is stated on the Application, the Applicant may be required to re-submit; and
5. Any questions regarding the compliance of the Program Approval or the completion of this Application should be addressed to the Geological Services Supervisor.
