Subject: RE: Fugro GeoSurveys Offshore Seafloor and Seep Sampling Program, 2017-2027

Hello Darren,

As requested, Fisheries and Oceans Canada (DFO) has reviewed Fugro Geosurvey's amendment to the temporal scope of their Offshore Seafloor and Seep Program 2017-2027 to extend into December. We have no issue with potential for environmental effects due to this amendment.

If you have any questions regarding the above please feel free to call or email to discuss.

Regards,  
Cathy

Subject: RE: Fugro GeoSurveys Offshore Seafloor and Seep Sampling Program, 2017-2027

Good afternoon All: please see the attached amendment to the temporal scope of the above mentioned program. The EA Amendment assesses the environmental effects of extending the Project activities into December, 2017 through 2027 (from the current May to November, 2017 through 2027 timeframe). If no comments are received by November 23, 2017 then the C-NLOPB will assume none will be provided, earlier replies are welcome.

Further details on this project may be found at  
<http://www.cnlopb.ca/assessments/fugrogeosurv.php>.

Regards  
Darren
