Subject: GXT Labrador Seismic EA

Good Evening

GXT has provided the attached information regarding their request to extend the length of the seismic streamer from the 9 km identified in the EA report up to 12 km. For your information, we are still in the process of reviewing GXT's response to review comments on the EA Report. Could you please review the attached and forward comments to me no later than Tuesday August 6, 2013.

Regards
Elizabeth Young
Environmental Assessment Officer
