Dear Mr. Hicks:

**Re: GX Technology Canada Ltd. 2D Seismic, Gravity and Magnetic Survey, Labrador Shelf 2013-2015
Commencement on Environmental Assessment**

Thank you for your email of January 29, 2013 and the attachments regarding the recently submitted filings by GX Technology Canada Ltd. We have reviewed the documents and have determined that we are not in possession of specialist or expert information necessary to conduct the environmental assessment of the project. As well, we have no comment on the project description or draft scoping document.

We look forward to receiving continued updates on GXT's Seismic, Gravity and Magnetic Program for the Labrador Shelf.

Best Regards,
