Thank you Darren,
They have provided a sufficient response. I do not have any further comments on the EA or the addendum.

Best regards,

Subject: RE: GX Technology Canada Ltd. GrandSPAN Marine 2D Seismic, Gravity and Magnetic Survey, 2014 to 2018

Hello: please see the attached EA Addendum for the GX Technology Canada Ltd. GrandSPAN Marine 2D Seismic, Gravity and Magnetic Survey, 2014 to 2018.

In addition to your request for GXT to provide a map that indicates the NS-NL boundary line overlaid with their study area so that you can see just how much of the study area goes into crab fishing areas off of Cape Breton, the proponent also reports on consultation with the CNSOPB and Nova Scotia-based fish harvesters. This information may be viewed on page 9 to page 14, inclusive.

Your reply is requested by close of business June 30, 2014.

If you have any questions please feel free to contact us.

Cheers
Darren
