Hi Darren,

I would suggest adding the Groundfish Enterprise Allocation Council (GEAC) to the list of parties to be consulted on page 12 of the project description. The project area identified includes areas where members of GEAC such as OCI conduct fish harvesting operation. Bruce Chapman is the contact person. Our standard recommendation of ongoing consultations with the fishing industry also applies.

Hello all: please see the attached project description for a proposed seismic program for the Southern Grand Banks as proposed by GX Technology. I have also attached a DRAFT scoping document for your review and input as well as our letter requesting input. Please provide your response no later than January 10, 2014. If you have any questions please feel free to contact us.

Regards
Darren
