Re: GX Technology Canada Ltd's GrandSPAN Seismic, Gravity and Magnetic Survey

File: 48006-020-002/07

Please accept the attached electronic document as an Amendment (geographical and temporal scope extension) of our GrandSPAN EA to include a portion of our proposed 2019 2D Seismic, Gravity and Magnetic Survey program and to extend the work to 2019. The submission also updates the previous filings for the year 2019 and includes a Table indicating the current status of the implementation of mitigation commitments for 2019.

Two printed copies of this document are also being submitted. If there are any questions about the submission, please contact me or the Project Environmental Manager.

Sincerely,

Dean Kennedy Project Manager
GX Technology Canada Ltd.
