Subject: 2019 Hebron - Environmental Assessment (EA) update

Dear Mr. Hicks:

In support of the 2019 activities, enclosed please find the annual Hebron Environment Assessment update.

The update provides an overview of the scope of proposed 2019 field activities, reports on any updates to the Species at Risk, provides an update to commercial fisheries data in the offshore area relevant to the proposed project activities, and validates the environmental assessment conclusions of the Hebron Project CSR.

If you have any questions or require additional information please don't hesitate to contact me directly (709-273-1655) or Mike Quilty, Environment Advisor (709-273-1890), at your convenience.

Sincerely,

Carolyn Barnes
Hebron SSHE Supervisor
