Darren,

EC understands that the spatial scope of the assessment has been enlarged to provide for turning radius of the vessel.

EC has no concern with the addendum.

Hello all: the C-NLOPB has received an Addendum to the Hebron CSR. As responsible authorities, the C-NLOPB requests that you review the attached document and respond with any issues or comments by close of business June 13, 2013. Please advise ASAP if you find that you will need longer and the date which comments will be submitted.

For your information the changes are identified in Section 2 Scope of Addendum on page 1.

Cheers  
Darren
