Dear Ms. Young:

Re: Hebron Project – Addendum to the 2011 Comprehensive Study Report

As requested in your June 4, 2013 email, attached is the Addendum to the 2011 Hebron Project Comprehensive Study Report. The Addendum addresses changes to the Offshore Project Area resulting from updated definition to the vessel turning radius for the 2013 3D/4D baseline seismic survey. The Addendum also addresses comments received from regulatory agencies (per D. Hicks email June 5, 2013) during the review of the Hebron Project 2013 Environmental Assessment Update.

Should you have any questions, or require further information, please contact Kim Coady, Environmental Lead (709-752-6441), at your convenience.

Yours truly,

James O'Reilly
Environment and Regulatory Manager
