Re: ExxonMobil Canada Properties Hebron Development Project

On June 7, 2017, ExxonMobil Canada Properties (EMCP) submitted the enclosed report to the Canada-Newfoundland and Labrador Offshore Petroleum Board (C-NLOPB) as an amendment to the *Hebron Project – Comprehensive Study Report* (EMCP 2011). It was provided by EMCP in support of the request for a planned modification relating to the disposal of synthetic based drilling mud (SBM) associated with drill cuttings from the Hebron Platform.

The C-NLOPB requests that you review the enclosed EA Amendment and provide comments no later than **July 3, 2017**. If no response is received from you by the date indicated, the C-NLOPB will assume that you will not be providing comments.

If you have any questions regarding the EA Amendment, you may contact me (709-778-1431 or dhicks@cnlopb.ca).

Yours truly,
