LGL Limited. 2006. Husky White Rose Development Project: New Drill Centre Construction & Operations Program Environmental Assessment. LGL Rep. SA883. Rep. by LGL Limited, St. John's, NL, for Husky Energy Inc., Calgary, AB. 299 p. + App.

	3.8.5.6	Logistics .....	19
		3.8.5.6.1 Marine Base, Warehousing, and Storage Yard .....	19
		3.8.5.6.2 Support Vessels .....	19
		3.8.5.6.3 Personnel Movements .....	20
	3.8.5.7	Communications .....	20
	3.8.6	Abandonment .....	20
		3.8.6.1 Approval Process .....	21
		3.8.6.2 Abandonment Methods .....	21
		3.8.6.2.1 Production and Injection Wells .....	21
		3.8.6.2.2 FPSO .....	21
		3.8.6.2.3 Subsea Facilities .....	21
3.9		Description of Waste Discharges and Treatments .....	22
	3.9.1	Drilling Muds .....	22
	3.9.2	Produced Water .....	23
		3.9.2.1 Well Testing .....	23
		3.9.2.2 Production .....	23
		3.9.2.2.1 Produced Water Treatment .....	23
	3.9.3	Air Emissions .....	24
	3.9.4	Grey and Black Water .....	24
	3.9.5	Bilge Water .....	24
	3.9.6	Deck Drainage .....	24
	3.9.7	Ballast Water .....	24
	3.9.8	Cooling Water .....	24
		3.9.8.1 FPSO .....	24
	3.9.9	Garbage .....	25
	3.9.10	Glycol and Other Chemicals .....	25
3.10		Seismic Survey Equipment (Geohazard and VSP Surveys) .....	25
3.11		Waste Management Plan .....	25
3.12		Onsite Environmental/Ice Observers .....	25
3.13		Project Site Information .....	26
		3.13.1 Environmental Features .....	26
		3.13.2 Other Users .....	26
4.0		Physical Environment .....	28
	4.1	Geochemical .....	28
		4.1.1 Geology .....	28
		4.1.2 Chemical Environment .....	28
		4.1.2.1 Water Chemistry .....	28
		4.1.2.2 Sediment Chemistry .....	29
	4.2	Climate .....	30
		4.2.1 Overview .....	30
		4.2.2 Seasonal Differences .....	30
		4.2.3 Marine Climate Data Sources .....	31
		4.2.4 Winds .....	33
		4.2.4.1 Wind-generated Waves .....	33
		4.2.5 Air and Sea Surface Temperatures .....	34
		4.2.6 Visibility and Causes of Restricted Visibility .....	34

4.3	Physical Oceanography .....	34
4.3.1	Water Masses .....	34
4.3.2	Currents .....	35
4.4	Extremes .....	35
4.4.1	Wind and Wave Extreme Analysis .....	36
4.5	Ice and Icebergs .....	36
4.5.1	Sea Ice .....	36
4.5.2	Icebergs .....	36
5.0	Biological Environment .....	37
5.1	Ecosystem .....	37
5.2	Sensitive/Special Areas .....	37
5.3	SARA-listed Species .....	37
5.4	Plankton .....	39
5.5	Invertebrates and Fish .....	41
5.5.1	Marine Habitats .....	41
5.5.1.1	Benthic .....	42
5.5.1.1.1	Deep-water Corals .....	42
5.5.1.2	Demersal and Pelagic .....	43
5.5.2	Profiles of Commercially-Important Species .....	44
5.5.2.1	Invertebrates .....	44
5.5.2.1.1	Snow Crab .....	44
5.5.2.1.2	Northern Shrimp .....	45
5.5.2.1.3	Bivalves .....	46
5.5.2.2	Fish .....	47
5.5.2.2.1	Atlantic Halibut .....	47
5.5.2.2.2	Greenland Halibut .....	48
5.5.2.2.3	Yellowtail Flounder .....	49
5.5.2.2.4	Large Pelagics .....	50
5.5.3	Profiles of SARA- and COSEWIC-Listed Fish .....	50
5.5.3.1	Wolffishes .....	50
5.5.3.1.1	Northern Wolffish .....	50
5.5.3.1.2	Spotted Wolffish .....	51
5.5.3.1.3	Atlantic (aka striped) Wolffish .....	51
5.5.3.2	Atlantic Cod .....	52
5.5.3.3	Porbeagle Shark .....	54
5.5.3.4	White Shark .....	55
5.5.3.5	Shortfin Mako Shark .....	55
5.5.3.6	Blue Shark .....	55
5.5.3.7	Cusk .....	55
5.5.4	Invertebrate and Fish Spawning .....	56
5.6	Commercial Fisheries .....	56
5.6.1	Information Sources .....	57
5.6.2	Historical Overview .....	58
5.6.3	Study Area and Project Area Domestic Fisheries .....	61
5.6.3.1	Domestic Harvesting Locations .....	62
5.6.3.2	Timing and Seasonality .....	66

	5.6.3.3	Principal Species Fisheries .....	74
	5.6.3.3.1	Snow Crab .....	74
	5.6.3.3.2	Clam Fishery .....	79
	5.6.3.3.3	Northern Shrimp.....	82
	5.6.3.4	Fishing Gear.....	85
	5.6.3.4.1	Snow Crab Pots .....	85
	5.6.3.4.2	Clam Dredges .....	86
	5.6.3.4.3	Shrimp Trawls .....	86
	5.6.4	DFO Science Surveys .....	86
5.7	Marine Birds.....		87
	5.7.1	Seasonal Abundance of Seabirds in the Study Area.....	92
	5.7.1.1	Procellariidae (fulmars and shearwaters).....	92
	5.7.1.1.1	Northern Fulmar .....	92
	5.7.1.1.2	Cory's Shearwater .....	92
	5.7.1.1.3	Greater Shearwater .....	93
	5.7.1.1.4	Sooty Shearwater.....	93
	5.7.1.1.5	Manx Shearwater.....	93
	5.7.1.2	Hydrobatidae (storm-petrels).....	94
	5.7.1.2.1	Leach's Storm-Petrel.....	94
	5.7.1.2.2	Wilson's Storm-Petrel .....	94
	5.7.1.3	Sulidae (gannets).....	94
	5.7.1.3.1	Northern Gannet .....	94
	5.7.1.4	Phalaropodinae (phalaropes).....	95
	5.7.1.4.1	Red Phalarope and Red-necked Phalarope.....	95
	5.7.1.5	Laridae (skuas, jaegers, gulls and terns).....	95
	5.7.1.5.1	Great Skua and South Polar Skua.....	95
	5.7.1.5.2	Pomarine Jaeger, Parasitic Jaeger and Long-tailed Jaeger .....	95
	5.7.1.5.3	Herring, Great Black-backed, Iceland, and Glaucous Gull.....	96
	5.7.1.5.4	Black-legged Kittiwake .....	96
	5.7.1.5.5	Arctic Tern .....	96
	5.7.1.6	Alcidae (Dovekie, murre, Black Guillemot, Razorbill and Atlantic Puffin).....	97
	5.7.1.6.1	Dovekie .....	97
	5.7.1.6.2	Common Murre .....	97
	5.7.1.6.3	Thick-billed Murre .....	97
	5.7.1.6.4	Razorbill .....	98
	5.7.1.6.5	Atlantic Puffin .....	98
	5.7.2	Prey and Foraging Habits.....	98
	5.7.2.1	Procellariidae (fulmar and shearwaters) .....	98
	5.7.2.2	Hydrobatidae (storm-petrels).....	99
	5.7.2.3	Sulidae (Northern Gannet).....	99
	5.7.2.4	Phalaropodinae (phalaropes).....	99
	5.7.2.5	Laridae (skuas, jaegers, gulls, terns).....	99

5.7.3	Profiles of SARA- and COSEWIC-Listed Marine Birds.....	99
5.7.3.1	Ivory Gull.....	99
5.8	Marine Mammals .....	100
5.8.1	Mysticetes .....	105
5.8.2	Odontocetes.....	106
5.8.3	Phocids.....	107
5.8.4	Profiles of SARA- and COSEWIC-Listed Marine Mammals .....	107
5.8.4.1	Blue Whale.....	107
5.8.4.2	Fin Whale.....	109
5.8.4.3	Sowerby’s Beaked Whale.....	110
5.8.4.4	Harbour Porpoise .....	111
5.9	Sea Turtles.....	112
5.9.1	Profiles of SARA- and COSEWIC-Listed Sea Turtles.....	112
5.9.1.1	Leatherback Sea Turtle .....	112
6.0	Effects Assessment Methodology .....	114
6.1	Scoping.....	114
6.2	Consultations.....	114
6.2.1	Issues and Concerns.....	115
6.2.1.1	Environment Canada.....	115
6.2.1.2	Fishery Products International/Association of Seafood Producers .....	115
6.2.1.3	Icewater Seafoods .....	116
6.2.1.4	FFAWU and One Ocean.....	116
6.2.1.5	Other Fisheries Industry Participants.....	116
6.3	Valued Ecosystem Components (VECs).....	116
6.3.1	Fish Habitat VEC.....	117
6.3.2	Fish VEC.....	118
6.3.3	Commercial Fishery VEC.....	118
6.3.4	Marine Bird VEC.....	118
6.3.5	Marine Mammal VEC.....	118
6.3.6	Sea Turtle VEC.....	118
6.3.7	Species at Risk VEC .....	119
6.4	Other Issues .....	119
6.5	Boundaries.....	119
6.5.1	Temporal.....	119
6.5.2	Spatial .....	119
6.5.2.1	Project Area .....	119
6.5.2.2	Study Area .....	120
6.5.2.3	Affected Area.....	120
6.5.2.4	Regional Area .....	120
6.6	Effects Assessment Procedures .....	120
6.6.1	Identification and Evaluation of Effects .....	120
6.6.2	Classifying Anticipated Environmental Effects.....	121
6.6.3	Mitigation.....	122
6.6.4	Application of Evaluation Criteria for Assessing Environmental Effects .....	122

6.6.5	Cumulative Effects.....	123
6.6.6	Integrated Residual Environmental Effects .....	124
6.6.7	Significance Rating.....	124
6.6.7.1	Level of Confidence.....	125
6.6.7.2	Determination of Whether Predicted Environmental Effects are Likely to Occur .....	125
6.7	Monitoring/Follow-Up .....	125
6.8	Effects of the Environment on the Project .....	125
7.0	Routine Project Activities .....	127
7.1	Potential Zones of Influence .....	129
7.1.1	Safety Zone .....	129
7.2	Sediment Excavation (Removal, Deposition, Suspension).....	129
7.3	Lights and Flaring .....	130
7.4	Drill Mud and Cuttings .....	130
7.4.1	Water-Based Muds.....	132
7.4.2	Synthetic-based Muds.....	133
7.5	Noise.....	135
7.6	Potential Effects of Routine Activities.....	136
7.6.1	Fish Habitat.....	136
7.6.1.1	Presence of Structures.....	136
7.6.1.2	Sediment Excavation .....	141
7.6.1.3	Lights .....	142
7.6.1.4	Flaring.....	142
7.6.1.5	Drill Muds and Cuttings.....	143
7.6.1.5.1	Smothering Effects .....	143
7.6.1.5.2	Contamination Effects .....	145
7.6.1.5.3	Mitigation .....	145
7.6.1.5.4	Assessment .....	145
7.6.1.5.5	Cumulative Effects .....	145
7.6.1.6	Other Fluids/Solids .....	146
7.6.1.6.1	Cement.....	146
7.6.1.6.2	BOP Fluid.....	147
7.6.1.6.3	Cooling Water .....	147
7.6.1.6.4	Deck Drainage .....	147
7.6.1.6.5	Bilge Water.....	148
7.6.1.6.6	Ballast Water .....	148
7.6.1.6.7	Sanitary/Domestic Waste Water .....	148
7.6.1.6.8	Small Transfer Spills.....	149
7.6.1.6.9	Produced Water .....	149
7.6.1.6.10	Garbage .....	150
7.6.1.7	Atmospheric Emissions .....	150
7.6.1.8	Ships and Boats.....	151
7.6.1.9	Helicopters .....	151
7.6.1.10	Noise .....	151
7.6.1.10.1	Cumulative Effects .....	152
7.6.1.11	Underwater Maintenance .....	152

7.6.2	Fish.....	152
7.6.2.1	Presence of Structures.....	157
7.6.2.2	Sediment Excavation .....	157
7.6.2.3	Lights .....	158
7.6.2.4	Flaring.....	158
7.6.2.5	Drill Muds/Cuttings .....	159
7.6.2.6	Other Fluids/Solids .....	159
	7.6.2.6.1 Cement.....	159
	7.6.2.6.2 BOP Fluid.....	159
	7.6.2.6.3 Cooling Water .....	160
	7.6.2.6.4 Deck Drainage .....	160
	7.6.2.6.5 Bilge Water.....	160
	7.6.2.6.6 Ballast Water .....	161
	7.6.2.6.7 Sanitary/Domestic Waste Water .....	161
	7.6.2.6.8 Small Transfer Spills .....	161
	7.6.2.6.9 Produced Water .....	162
	7.6.2.6.10 Garbage .....	162
7.6.2.7	Atmospheric Emissions .....	163
7.6.2.8	Ships and Boats.....	163
7.6.2.9	Helicopters .....	163
7.6.2.10	Noise .....	163
	7.6.2.10.1 Cumulative Effects .....	165
7.6.2.11	Underwater Maintenance .....	165
7.6.3	Commercial Fisheries .....	165
7.6.3.1	Presence of Structures.....	170
7.6.3.2	Sediment Excavation .....	171
7.6.3.3	Lights .....	172
7.6.3.4	Flaring.....	172
7.6.3.5	Drill Muds/Cuttings .....	172
7.6.3.6	Other Fluids/Solids .....	172
7.6.3.7	Atmospheric Emissions .....	172
7.6.3.8	Ships and Boats.....	172
7.6.3.9	Helicopters .....	174
7.6.3.10	Noise .....	174
7.6.4	Marine Birds .....	175
7.6.4.1	Presence of Structures.....	181
7.6.4.2	Sediment Excavation .....	181
7.6.4.3	Lights .....	181
7.6.4.4	Flaring.....	183
7.6.4.5	Drill Muds/Cuttings .....	183
7.6.4.6	Other Fluids/Solids .....	184
7.6.4.7	Atmospheric Emissions .....	185
7.6.4.8	Ships and Boats.....	185
7.6.4.9	Helicopters .....	186
7.6.4.10	Noise .....	186
7.6.4.11	Underwater Maintenance .....	187

7.6.4.12	Chronic Oil Pollution from Ship Discharge.....	187
7.6.4.13	Cumulative Effects Summary – Marine Birds.....	188
7.6.4.14	Monitoring and Follow up .....	188
7.6.5	Marine Mammals .....	189
7.6.5.1	Presence of Structures.....	189
7.6.5.2	Sediment Excavation .....	190
7.6.5.3	Lights .....	190
7.6.5.4	Drill Muds and Cuttings.....	194
7.6.5.5	Other Fluids/Solids .....	194
	7.6.5.5.1 Cement.....	195
	7.6.5.5.2 BOP Fluid.....	195
	7.6.5.5.3 Cooling Water .....	195
	7.6.5.5.4 Deck Drainage/Bilge Water .....	195
	7.6.5.5.5 Ballast Water .....	196
	7.6.5.5.6 Sanitary/Domestic Waste Water .....	196
	7.6.5.5.7 Small Transfer Spills .....	196
7.6.5.6	Ships and Boats.....	197
7.6.5.7	Helicopters .....	197
7.6.5.8	Noise .....	197
	7.6.5.8.1 Marine Mammal Hearing.....	197
	7.6.5.8.2 Dredging Activity.....	198
	7.6.5.8.3 Drilling Rigs .....	199
	7.6.5.8.4 Support Vessels .....	200
	7.6.5.8.5 Helicopters.....	201
	7.6.5.8.6 FPSO .....	202
	7.6.5.8.7 VSP.....	202
7.6.5.9	Underwater Maintenance .....	203
7.6.6	Sea Turtles .....	203
	7.6.6.1 Hearing Abilities of Sea Turtles .....	204
	7.6.6.2 Assessment of Effects .....	204
7.6.7	Species at Risk .....	204
8.0	Accidental Events.....	209
8.1	Probability of Accidental Events.....	209
8.1.1	General Oil Pollution Record of the Offshore Exploration and Production Industry.....	209
8.1.2	Sources of Information .....	210
8.1.3	Categories of Accidental Event Size.....	210
8.1.4	Extremely Large, Very Large and Large Accidental Events.....	211
	8.1.4.1 Historical Statistics for Extremely Large and Very Large Spills .....	211
	8.1.4.2 Historical Statistics for Large Spills (>1,000 bbl) from Blowouts .....	212
	8.1.4.3 Calculated Probability for Husky’s Development of New Drill Centres Project .....	212
8.1.5	Blowouts Involving Gas Only or Small Discharges of Oil.....	213
	8.1.5.1 MMS US GOM OCS Statistics.....	213

	8.1.5.2	Calculated Probability for Husky’s Development of New Drill Centres.....	215
	8.1.6	Smaller Platform Spills.....	215
	8.1.6.1	Historical Record .....	215
	8.1.6.2	Calculated Frequencies for the Drilling Phase of Husky’s Development of New Drill Centres Project.....	217
	8.1.7	Summary of Blowout and Spill Frequencies .....	218
8.2		Oil Spill Behaviour and Fate from Hypothetical Blowouts and Spills .....	218
	8.2.1	Oil Characteristics.....	219
	8.2.2	Selection of Blowout/Spill Scenarios .....	220
	8.2.3	Blowout/Spill Scenarios.....	220
	8.2.3.1	Blowouts .....	221
	8.2.3.2	Batch Spills .....	221
	8.2.3.3	Environmental Conditions Assumed for Scenarios .....	221
	8.2.4	Modeling and Description of Selected Blowout/Spill Scenarios.....	222
	8.2.4.1	Blowout Scenarios .....	222
	8.2.4.1.1	15,900 BOPD Platform Blowout Lasting Seven Days in Summer. ....	222
	8.2.4.1.2	15,900 BOPD Platform Blowout Lasting Seven Days in Winter.....	224
	8.2.4.1.3	20,250 BOPD Subsea Blowout Lasting Seven Days in Summer .....	224
	8.2.4.1.4	20,250 BOPD Subsea Blowout Lasting Seven Days in Winter.....	225
	8.2.4.1.5	4,170 BOPD Subsea Blowout in Summer.....	225
	8.2.4.1.6	4,170 BOPD Subsea Blowout in Winter .....	226
	8.2.4.2	Vessel or Platform Release Modeling Results.....	227
8.3		Spill Trajectories .....	227
	8.3.1	Hibernia and Terra Nova Analyses.....	229
	8.3.2	White Rose Spill Trajectories .....	230
	8.3.3	White Rose Spill Areas and Concentrations of Dispersed Oil .....	231
	8.3.4	Effects of Pack Ice on Oil Spills .....	232
8.4		Estimation of Potential Cleanup Effectiveness .....	234
	8.4.1	Best-Practicable Containment/Recovery System .....	234
	8.4.2	F <sub>TRP</sub> : Fraction of Time that Recovery is Possible.....	234
8.5		Alternatives to Containment and Recovery .....	235
8.6		Spill Response .....	236
8.7		Potential Effects of Accidental Events.....	236
	8.7.2	Fish Habitat.....	236
	8.7.2.1	Plankton .....	241
	8.7.2.2	Benthos .....	242
	8.7.2.3	Overall Effect on Fish Habitat VEC .....	243
	8.7.3	Fish.....	243
	8.7.3.1	Eggs and Larvae.....	243
	8.7.3.2	Juveniles and Adults .....	250
	8.7.4	Commercial Fishery.....	251

8.7.4.1	Mitigation.....	252
8.7.5	Marine Birds .....	253
8.7.5.1	Immediate Effects .....	253
8.7.5.2	Short-term Effects .....	253
8.7.5.3	Long-term Effects .....	254
8.7.5.4	Sensitive Species.....	255
8.7.5.5	Past Oil Spills In and Near the Study Area.....	256
8.7.5.6	Rehabilitation.....	256
8.7.5.7	Enhancement Techniques .....	257
8.7.5.8	Summary of Effects on Marine Birds .....	262
8.7.6	Marine Mammals .....	263
8.7.6.1	Cetaceans .....	263
8.7.6.1.1	Avoidance and Behavioural Effects .....	263
8.7.6.1.2	Oiling of External Surfaces .....	264
8.7.6.1.3	Ingestion and Inhalation of Oil.....	264
8.7.6.1.4	Fouling of Baleen .....	264
8.7.6.1.5	Summary of Effects on Cetaceans.....	264
8.7.6.2	Seals .....	265
8.7.6.2.1	Avoidance and Behavioural Effects .....	268
8.7.6.2.2	Oiling of External Surfaces .....	268
8.7.6.2.3	Oil Ingestion and Inhalation .....	269
8.7.6.2.4	Factors Affecting the Severity of Oil Exposure ...	269
8.7.6.2.5	Summary of Effects on Seals .....	270
8.7.7	Sea Turtles .....	270
8.7.7.1	Summary of Effects on Sea Turtles .....	271
8.7.8	Species at Risk .....	271
9.0	Summary and Conclusions.....	273
9.1	Residual Effects of the Project .....	273
9.2	Cumulative Effects of the Project .....	273
9.3	Monitoring and Follow-up .....	274
10.0	Literature Cited .....	276
