Subject: RE: Husky Energy Jeanne d'Arc Delineation Exploration Drilling Program CEAR No. 07-01-28877

Darren,

ECCC has reviewed the Proponent response to ECCC comments on the Amendment and offers the following recommendation for the Board's consideration:

3.1.3 Mitigation and Monitoring - Seabird VEC
Please add the following to the list of mitigations:

The proponent shall notify the Board at least 30 days in advance of flaring to determine whether the flaring would occur during a period of migratory bird vulnerability. The proponent shall detail how it plans to prevent harm to migratory birds in such an event.

If you have any comments, questions or concerns please call or write.

Best regards,
Glenn

Subject: RE: Husky Energy Jeanne d'Arc Delineation Exploration Drilling Program CEAR No. 07-01-28877

Good morning All: Husky Energy has submitted responses to regulatory comments on their EA amendment, and a revised EA Amendment, to extend the temporal scope of the above mentioned program. The C-NLOPB is requesting that you review the attached document and

reply by close of business December 5, 2017 if the responses to our department's comments are satisfactorily addressed.

Further details on this project may be found at <http://www.cnlopb.ca/assessments/heidarc.php>.

Regards
Darren
