Attention: Ms. Elizabeth Young

Dear Ms. Young;

Subject: Environmental Assessment Review for 2013- Revised

Please find enclosed a revised annual review of the environmental assessment of Husky Energy's activities in the Newfoundland and Labrador Offshore Area in 2013.

In particular, the environmental assessment review of the Jeanne d'Arc Basin Flemish Pass Regional Seismic Program 2012-2020 (CEAR 11-01-65302) has been updated to confirm the wellsite survey locations planned for 2013. The revision to the document occurs on page 21 to indicate that well site surveys are planned for Glenwood (EL 1090R) and possibly North Hebron (SDL 1046) in 2013. There are no further revisions to the report required at this time.

Should you have any queries regarding this report, please do not hesitate to contact the undersigned at 724-4764, or David Pinsent at 724-3997.

Yours sincerely,
