Subject: RE: Seismic EA amendment - 2015

Darren,

Correct, we are not pursuing the amendment at this time. Thanks

Hi Kent: thank you for this. If your group has decided that there isn't a need to pursue this amendment then we will begin the process of withdrawing it. I am emailing to confirm that this is the way forward you want to take.

Regards
Darren

Subject: Seismic EA amendment - 2015

Darren,

I checked with our Geoscience group on the 2015 EA amendment for the use of the Scanfish equipment and the general consensus was currently there isn't a need to pursue this amendment.

Please contact me if there are any questions or if you need anything else on this.
