Darren,

Environment Canada reviewed documents from HMDC and has no comments concerning the update to Hibernia's seismic survey program.

However, the proponent should be reminded that results from the onboard seabird observation program should be sent to Environment Canada –Canadian Wildlife Service (EC-CWS) on an annual basis.

Hello all: on July 9, 2014 the C-NLOPB received the attached documents from HMDC that outline proposed changes to their proposed seismic program. Please review the attached and provide comments by close of business August 22, 2014. Please note that there are no seismic plans for 2014.

Cheers  
Darren
