Subject: RE: EA Addendum for the Hibernia Management and Development Company Ltd. 2D/3D/4D Seismic Projects for the Hibernia Oil and Gas Production Field, 2013 to Remaining Life of Field

Darren/Elizabeth,

EC has reviewed the Addendum and requests that Hibernia Management Development Company clarify what is meant by "So noted" with regard to comments EC-08, EC-09 and EC-10 as indicated below (on page 10 of the Addendum).

EC-08, Section 5.8.2 Seabirds, Quote: "Storm-petrels showing signs of possible oiling must be captured and released as per "Williams and Chardine" protocol." Any birds contaminated with oil should be kept in a separate box and not mixed with clean birds. Contact the Canadian Wildlife Service at 709-772-5585 for instructions on how to deal with contaminated birds.

HMDC Response: So noted.

EC-09, Section 5.8.2 Seabirds, Quote: "Injured birds: Sabina Wilhelm, Canadian Wildlife Service (709-764-1957 sabina.wilhelm@ec.gc.ca ) must be notified and contacted for instructions immediately upon discovery." The proper contact information for Sabina Wilhelm is (709) 772-5568, sabina.wilhelm@ec.gc.ca.

HMDC Response: So noted.

EC-10, Section 5.8.2 Seabirds, Quote: "Dead Birds: Non-oiled birds found dead or that die before release should be identified, recorded and disposed of at sea." If more than 10 birds are found dead in the same event, they need to be collected and sent ashore to Canadian Wildlife Service personnel at Environment Canada. Details of how to undertake this are included in the attached protocol designed for handling non-oiled, dead birds.

HMDC Response: So noted.

Thanks
