**SUBJECT: Investcan Energy Corp. – Seismic Program Offshore Labrador  
Environmental Assessment Report Addendum**

---

On May 25, 2010, Investcan Energy Corporation (Investcan) submitted to the Canada-Newfoundland and Labrador Offshore Petroleum Board (C-NLOPB) an addendum to the environmental assessment (EA) report. The addendum addresses comments that the C-NLOPB deemed to be within the scope of the environmental assessment. It also describes and assesses an expansion to the Project Area to include more seismic lines to the south. The activities within the revised Project Area remain the same as discussed in the EA report and will include 2-D and 3-D seismic surveys, potential wellsite/geohazard surveys, as well as vertical seismic profile (VSP) surveys.

Please review the attached addendum report describing the expanded Project Area and also determine if the responses provided by Investcan respecting your department's comments have been addressed satisfactorily. Your response should be forwarded no later than **June 25, 2010**.

If you have any questions on the attached, or wish to discuss the above, please contact Darren Hicks at 709-778-1431 or via email at <Dhicks@cnlopb.nl.ca>

Yours truly,
