Subject: Hebron Project Development Application

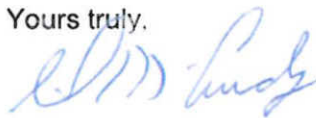

Dear Mr. Ruelokke:

As discussed and agreed with Board staff, ExxonMobil Canada Properties (EMCP), as operator, on behalf of the Hebron Project proponents, has updated the Hebron Project Development Plan to reflect the revisions to the Plan that were identified in our August 4 and August 22, 2011 responses to the C-NLOPB's 'completeness review' comments on the Development Application. As a result of recent revisions to the Hebron Project Comprehensive Study Report, EMCP has also updated the Development Application Summary document. These updated documents supersede the Development Plan and Development Application Summary documents submitted to the C-NLOPB on April 15, 2011.

As requested by your staff we are enclosing 20 copies of these documents as well as 3 electronic copies in CD format. Per your letter dated August 25, 2011 to the Mr. Miller Ayre, we are also providing the updated documents to the Hebron Public Review Commissioner.

Please address any enquiries on this matter to Mr. James O'Reilly, Environment and Regulatory Manager, Hebron Project.

Yours truly,

for Geoff Parker
Senior Project Manager

cc: Mr. Miller Ayre, Hebron Public Review Commissioner
