Multi Klient Invest AS Northeast Newfoundland Slope Seismic Program, 2012-2017

On June 10, 2015, Multi Klient Invest AS (MKI) submitted to the Canada-Newfoundland and Labrador Offshore Petroleum Board (C-NLOPB) an amendment, "*Amendment Report: Environmental Assessment Northeast Newfoundland Slope 2-D Seismic Survey*" (RPS June 10, 2015), to the environmental assessment (EA) report and addendum for the 2 Dimensional seismic program for the Northeast Newfoundland Slope in the Newfoundland and Labrador Offshore. The enclosed report is an amendment to the April 2012 "*Environmental Assessment Northeast Newfoundland Slope 2-D Seismic Survey Programme 2012-2017*", the July 2012 "*Response to Comments from C-NLOPB dated 29th June 2012*" and the August 2012 "*Response to Comments from C-NLOPB Dated 15th August 2012*." The scope for the original EA does not allow for the concurrent use of two 3D seismic vessels.

The C-NLOPB requests that you review the enclosed EA Amendment and provide comments no later than **June 26, 2015**. If no response is received from you by the date indicated above, the C-NLOPB will assume that you have no comments.

If you have any questions regarding the EA Amendment, you may contact me (709-778-1431 or dhicks@cnlopb.ca).

Yours truly,
