

Environmental Assessment of Multiklient Invest Labrador Offshore Seismic Program,
2018 - 2023 (LGL March 2019)

GENERAL COMMENTS

Nunatsiavut Government (NG)

On page 7, the proponent references an assessment of shipping traffic levels from the Labrador Shelf SEA. As this document was created in 2008 and is stated to cover only up to 10 years from its publication, it would be beneficial to reassess the impact of shipping traffic from more recent shipping data, especially if this project is expected to extend to 2023.
