Darren,

Sorry about that, this one got misplaced during the Christmas comings and goings. In terms of advice it is essentially the same as for the Seitel seismic program we reviewed in 2015 which I have attached. I will forward the SARA notification to the appropriate people.

Apologies for the mix-up on my part.

Good afternoon: this is an email reminder that comments on the project description and draft scoping document were due this past Friday, January 6, 2017. If you are intending on submitting comments could you please indicate when we may expect their submission. If the C-NLOPB does not hear back then we will assume no comments will be submitted.

Regards
Darren
