Subject: RE: Multiklient Invest AS Labrador Offshore Seismic Program, 2018-2023

Good morning Darren,

Following review of the attached addendum, FFAW-Unifor looks forward to direct consultation on any planned annual seismic program in Labrador going forward. It is important to reiterate that there are harvesters throughout Newfoundland and Labrador who fish in the study area (i.e., not just harvesters living in Labrador). Therefore, depending on the area of interest, additional consultation may be warranted.

Kind regards,  
Robyn
