On March 6th, 2017, Multiklient Invest AS (MKI) submitted to the Canada-Newfoundland and Labrador Offshore Petroleum Board (C-NLOPB) an environmental assessment report for proposed 2D, 3D and/or 4D seismic surveys for the Eastern, Southern and Northern Areas of the Newfoundland and Labrador Offshore Area from 2017 until 2026. The enclosed report "*Environmental Assessment of Multiklient Invest Newfoundland and Labrador Offshore Seismic Program, 2017-2026*" (LGL March 2017) describes these activities for this area.

The environmental assessment report was completed in accordance with the scoping document prepared by the C-NLOPB on January 24, 2017.

Please review the enclosed environmental assessment report and forward comments to me no later than **April 21, 2017**. If no comments are received by this date then the C-NLOPB will assume that your department or agency has no comments. If you have any questions regarding the environmental assessment report, you may contact me (709-778-1431 or dhicks@cnlopb.ca).
