Subject: Multiklient Invest Newfoundland Offshore Seismic Program, 2018 to 2023

Good day all: Multiklient Invest (MKI) have submitted an amendment to the Environmental Assessment of Multiklient Invest Newfoundland Offshore Seismic Program, 2018-2023 (LGL Limited March 2018). The Amendment of Environmental Assessment of Multiklient Invest Newfoundland Seismic Program, 2018-2023 (LGL February 10 2020) has been submitted in support of MKI's request to remove the specific 7-day/30-km temporal/spatial buffer from the mitigation protocol for snow crab.

The C-NLOPB requests that you review the enclosed EA Amendment and provide comments no later than March 17, 2020. If no response is received from you by the date indicated above, the C-NLOPB will assume that you have no comments.

If you have any questions regarding the EA Amendment, you may contact me (709-778-1431 or dhicks@cnlopb.ca).

Regards  
Darren
