Environmental Assessment (CEAR # 11-01-59997)**

On April 1, 2011, Multi Klient Invest submitted to the Canada-Newfoundland and Labrador Offshore Petroleum Board (C-NLOPB) an environmental assessment report for a 2D seismic program for the Labrador Shelf and Davis Strait in the Newfoundland and Labrador Offshore. The enclosed report "*Environmental Impact Assessment for Marine 2D Seismic Reflection Survey Labrador Sea and Davis Strait Offshore Labrador*" describes seismic survey activity for this area. The C-NLOPB is conducting a screening, pursuant to the *Canadian Environmental Assessment Act* (CEA Act), of the proposed Project.

The environmental assessment report was completed in accordance with the scoping document prepared by the C-NLOPB on March 10, 2011.

Please review the enclosed environmental assessment report and forward comments to me no later than **May 16, 2011**. If you have any questions regarding the environmental assessment report, you may contact me (709-778-1431 or dhicks@cnlopb.nl.ca).
