**Re: Multi Klient Invest AS Offshore Labrador 2D Seismic Program 2011-2013
Environmental Assessment Amendment (CEAR # 11-01-59997)**

Multi Klient Invest (MKI) submitted to the Canada-Newfoundland and Labrador Offshore Petroleum Board (C-NLOPB) an amendment “*Amendment - Environmental Impact Assessment for Marine 2D Seismic Reflection Survey Labrador Sea and Davis Strait Offshore Labrador*” (March 2012) to the environmental assessment (EA) report and addendum for the 2D seismic program for the Labrador Shelf and Davis Strait in the Newfoundland and Labrador Offshore. The enclosed report is an amendment to the March 2011 “*Environmental Impact Assessment for Marine 2D Seismic Reflection Survey Labrador Sea and Davis Strait Offshore Labrador*” and the June 2011 “*Addendum to Environmental Impact Assessment for Marine 2D Seismic Reflection Survey Labrador Sea and Davis Strait Offshore Labrador*”. The temporal scope for the original EA covered the months of July to November for any one year between 2011 and 2013. This Amendment addresses a change in the temporal scope of the project to include June in 2012 or 2013.

The C-NLOPB requests that you review the enclosed EA Amendment and provide comments no later than **April 11, 2012**. If you have any questions regarding the EA Report, you may contact me (709-778-1431 or dhicks@cnlopb.nl.ca).

Yours truly,
