Dear Ms. Davis:

Re: Multi Klient Invest AS's Marine 2D Seismic Program in the Labrador Sea and Davis Strait, 2011 to 2013 CEA Act Environmental Assessment

The Canada-Newfoundland and Labrador Offshore Petroleum Board (C-NLOPB), in consultation with the Board's fishery and environmental review agencies, have reviewed the above referenced environmental assessment (EA) report and its Addendum.

The environmental assessment document and the Addendum does not satisfy all of the information requirements outlined in the Scoping Document provided to RPS Energy, on behalf of Multi Klient Invest AS, on March 10, 2011. In order to satisfy the requirements of the *Canadian Environmental Assessment Act* (CEA Act) and to complete the Screening Report, the attached comments should be addressed.

You may contact me at your convenience to discuss these comments. I can be reached at (709-778-1431 or dhicks@cnlopb.nl.ca)

Yours truly,

Darren Hicks
Environmental Analyst
