Subject: RE: Multi Klient Invest AS Southern Grand Banks Seismic Program, 2014 to 2018 Responses to comments on EA Amendment

Hello Darren,

The CNSOPB has been corresponding with the proponent to determine whether any activity will take place within the Nova Scotia jurisdictional area. The proponent has confirmed that no activity will take place within the CNSOPB jurisdictional area, including turning or transit, during the program.

The response to comments is therefore considered appropriate. Should the Fisheries Liaison Officer report interactions with any fishing vessels originating out of Nova Scotia to the C-NLOPB, please advise me accordingly.
