Re: Multi Klient Invest AS Southern Grand Banks Seismic Program – latest responses

Hi Darren,

In light of the responses and commitments from Multi Klient Invest As, FFAW-Unifor trusts that the proponent will adhere to the mitigation commitments outlined in the EA and subsequent responses to comments on the EA. FFAW-Unifor will continue to be available to the proponent for further conversation and consultation before, during and after the proposed Seismic Program.

There will remain the concern about the cumulative impact from conducting 3D Seismic activity on fishing grounds. However, at this point there has not been an indication of exactly where in the Program Area said activity would take place.

Yours truly,

Jóhan Joensen
Petroleum Industry Liaison
