**Re: Multi Klient Invest AS's Southern Grand Banks 2D/3D Seismic Program, 2014-2018,
Environmental Assessment**

On March 10, 2014, Multi Klient Invest AS (MKI) submitted to the Canada-Newfoundland and Labrador Offshore Petroleum Board (C-NLOPB) an environmental assessment report for proposed 2D/3D seismic surveys for the Southern Grand Banks area of the Newfoundland and Labrador Offshore Area from 2014 until 2018. The enclosed report "*Environmental Assessment MKI Southern Grand Banks Seismic Program, 2014-2018*" (LGL March 2014) describes these activities for this area.

The environmental assessment report was completed in accordance with the scoping document prepared by the C-NLOPB on November 21, 2013.

Please review the enclosed environmental assessment report and forward comments to me no later than **April 22, 2014**. If you have any questions regarding the environmental assessment report, you may contact me (709-778-1431 or dhicks@cnlopb.nl.ca).

Yours truly,
